

red grape juice

Ingredients

100 % pure grape juice.
 The grapes are picked when ripened by the sun, freshly squeezed, then bottled and slightly pasteurized.
 All our juices are single strength juices, this means they are not made of concentrates.

Characteristics

Pajottenlander red grape juice has a dark red purple colour.
 The aroma is full and well-balanced, typically grape.

Qualities

Pajottenlander red grape juice is rich in antioxidants and is a natural energy drink thanks to its high dextrose and fructose content.
 It contains key nutrients which strengthen heart and blood vessels and boost the metabolism of brain and nervous system.
 The fruit acids stimulate the action of liver and kidneys, without burdening the stomach.
 Pajottenlander red grape juice originates from the Italian region of Piemonte, Molise, Toscana and Apulia and is the product of organically or biodynamically grown fruit.
 To make our juice, we mix different varieties (Merlot, Rabosa, Lambrusco etc.) in order to obtain optimum flavour.
 A 20-cl glass of Pajottenlander grape juice contains an average of 250 mg potassium, 25 mg calcium and 20 mg magnesium. In addition, it contains key vitamins, such as vitamin B1, as well as lots of minerals and trace elements.
 Pajottenlander grape juice is highly recommended for people suffering from stress and for all those wishing to retain their mental and physical welfare.
