

## pink grapefruit

### Ingredients

100 % pink grapefruit juice.  
The fruit ripens on the trees and is freshly squeezed.

### Characteristics

Pajottenlander pink grapefruit juice has a peach pink colour.  
The aroma is fresh sour and aromatic with a slightly bitter accent.

### Qualities

Pajottenlander grapefruit juice is a citrus fruit juice which contains lots of vitamin C as well as valuable fructose, vitamin B, minerals and trace elements.

Pink grapefruit juice has the same properties as orange juice. In addition, it tastes slightly bitter, causing it to stimulate the supply of gastric juices and to whet the appetite. On an empty stomach it is highly effective against constipation. Moreover, grapefruit juice has a wholesome effect on people suffering from a slow functioning liver, gallstones, gout and digestive disorders. Citrus juices taste delicious at breakfast and help you feel fit every day in a natural and healthy way.
